

## COVID-19 Advisory

**To:** Willow Valley Communities Residents  
**From:** Dennis W. Griest, President and CFO, Willow Valley Living  
**Date:** July 22, 2020  
**Subject:** 2 COVID-19 Attributed Deaths at The Glen  
1 Positive COVID-19 Team Member at Lakeside  
1 Positive COVID-19 Resident at Lakeside  
1 Positive COVID-19 Resident at The Glen

---

With sorrow, Willow Valley Communities has experienced two additional COVID-19 attributed deaths, which occurred on July 21. Both were Residents of The Glen and both passed away at The Glen. Our entire Community mourns the passing of these Residents.

One Team Member at Lakeside has tested positive for COVID-19. The Team Member's last day of working at Willow Valley Communities was July 16. One Resident at Lakeside and one Resident at The Glen have tested positive for COVID-19.

Willow Valley Communities is following protocols for contact with appropriate government agencies and is taking every step possible to limit further exposure. Willow Valley Communities implemented its contact tracing protocols to identify any known persons (Residents and/or Team Members) with whom the affected Team Member and Residents may have had exposure that requires additional risk mitigation. Willow Valley Communities has implemented additional precautionary measures and enhanced monitoring within the units in which the COVID-19 positive Team Members worked.

Other Residents (and/or their POAs) residing in the same community units as the COVID-19 positive Residents were notified and are being closely monitored and continually assessed for signs and symptoms of COVID-19. All Team Members working in the affected community unit have been educated about specialized risk mitigation equipment and protocols, and will follow government health agency protocols for self-monitoring and daily screening.

We will continue to work with diligence and resolve to protect Willow Valley Communities' Residents and Team Members by implementing and adhering to, or exceeding, the most current recommended protocols and guidelines of the expert authorities in the medical and scientific communities.
