

COVID-19 Alert

November 18, 2020

IMPORTANT COVID-19 UPDATE: TRAVEL ORDER ANNOUNCEMENT FROM PENNSYLVANIA GOVERNOR WOLF'S ADMINISTRATION

The State of Pennsylvania has issued new travel restrictions. In compliance with this new order, Willow Valley Communities will implement the following requirements beginning Friday, November 20, 2020.

- Anyone who visits Pennsylvania from another state (including Pennsylvania residents returning home to PA after visiting another state) must have a negative COVID-19 test within 72 hours prior to entering the Commonwealth.
- If the individual cannot obtain a test or chooses not to, they must quarantine for 14 days upon arrival in Pennsylvania.

These new requirements may directly impact your own plans or plans for your visiting guests at Willow Valley Communities. To comply with the order from the State of Pennsylvania, beginning Friday, Team Members at our two campus screening locations will ask all Residents, guests, Team Members, contractors/ vendors, and visitors a new travel question related to out of state travel. If evidence of compliance with the Pennsylvania orders is not presented to our screeners, the individual(s) will be turned away and not permitted to enter our Communities (alternatively, Residents will be allowed to quarantine for 14 days in their Willow Valley Communities' residence). *Willow Valley Communities is allowing only adult guests, 18 and older, at this time.* **Please inform your guests and make plans accordingly.** Thank you for your cooperation by adhering to these State-imposed changes.
