

## COVID-19 Advisory

**To:** Willow Valley Communities Residents  
**From:** Dennis W. Griest, President and CFO  
**Date:** January 12, 2021  
**Subject:** COVID-19 Positive Resident (1)  
COVID-19 Positive Team Members (4)

---

A Resident at the Garden Apartments has tested positive for COVID-19. The Resident is isolating in their own apartment.

Four (4) Team Members have tested positive for COVID-19. The Team Members' departments, work locations, and most recent days worked at Willow Valley Communities are listed below. Please note that 2 of the 4 were identified through universal testing, as noted below.

- Team Member #1: Housekeeping at Spring Run; most recent day worked: 1/3
- Team Member #2: Culinary Services at Lakes; most recent day worked: 1/8

Through Universal Testing:

- Team Member #3: Housekeeping at Providence Park; most recent day worked: 1/8
- Team Member #4: Home Care at Connections at Home; most recent day worked: 1/7

Willow Valley Communities is following protocols for contact with appropriate government agencies and is taking every step possible to limit further exposure. Willow Valley Communities implemented its contact tracing protocols to identify any known persons (Residents and/or Team Members) with whom the affected Resident or Team Members may have had exposure that requires additional risk mitigation. Willow Valley Communities has implemented additional precautionary measures and enhanced monitoring within the community in which the COVID-19 positive Resident lives and in which the Team Members have worked.

Team Members working within the affected areas have been educated about specialized risk mitigation equipment and protocols, and will follow government health agency protocols for self-monitoring and daily screening.

We will continue to work with diligence and resolve to protect Willow Valley Communities' Residents and Team Members by implementing and adhering to, or exceeding, the most current recommended protocols and guidelines of the expert authorities in the medical and scientific communities.
