## Changes to the Evening Shuttle Service Schedule

The Evening Shuttle Service will be modified to reflect the closure of Local Table and will not be available on Sundays until further notice. Evening shuttle service will continue to be available by using the auto-dial phone located throughout the Campuses during the following times:

**Monday-Saturday from 4:00 PM to 9:00 PM**

Residents in the outer buildings should to call the driver directly. If you have any questions, please feel free to call the Transportation office at 717-464-6012.

## Fee For Service Transportation Requests

There has been an increased demand for 'Fee for Service' transportation and our daily and weekly reservations have been filling up quickly. Residents requiring the use of "Fee for Service" transportation should plan to schedule transportation as far in advance as possible to ensure a reservation.

## Four Seasons Nutritional Analysis

We are very excited to announce that Four Seasons menus have been added to the Culinary Services Nutrition Analysis webpage on the Resident Kiosk. For those of you who may not be familiar with the Nutrition Analysis webpage, it is a site where you can access the nutritional value, ingredient, and allergen information of our menu items. Currently the breakfast and dinner menus are available for the Manor, Lakes and North dining venues as well as continental breakfast and dinner for Four Seasons. Analyzing recipes and posting this information is a work in progress therefore the amount of menu items will continue to grow as more recipes are completed. If you have any questions or would like further information on the Nutrition Analysis site, please contact Stephanie Sodak at [ssodak@willowvalley.org](mailto:ssodak@willowvalley.org) or 717-464-6392.
