Date: February 25, 2022
Subject: COVID-19 Death
COVID-19 Positive Team Member

It is with great sorrow that Willow Valley Communities reports the death of a SmartLife Member who had become a permanent Resident of The Glen. The Resident, whose COVID positive status was previously reported in a COVID-19 Advisory, passed away at The Glen (COVID unit). We ask you to please join with our entire Community in mourning the passing of this Resident.

A Team Member has tested positive for COVID-19. The Team Member works in the Therapy Department; their most recent day worked at Willow Valley Communities was 2/18.

Willow Valley Communities is following protocols for contact with appropriate government agencies and is taking every step possible to limit further exposure. Willow Valley Communities implemented its contact tracing protocols to identify any known persons (Residents and/or Team Members) with whom the affected Team Member may have had exposure that requires additional risk mitigation.

We will continue to work with diligence to protect Willow Valley Communities' Residents and Team Members by implementing and adhering to, or exceeding, current recommended protocols and guidelines from expert authorities in the medical and scientific communities.
